

MESON GROUP MOVING THE MARINE INDUSTRY FORWARD

WE BRING FLOW TO THE WORLD

With Meson Group on board, rest assure the machinery works. Everything connected to flow technology is running smooth. Our valves and actuators are designed for demanding marine environments, providing continous operations around the clock. Feel the perfect flow.

MESON GROUP IN BRIEF

Meson Group are the valve specialists of Scandinavia. A leading provider, manufacturer and stock keeper of supreme quality valves and related flow control products and systems for the global marine industry.

Our head office is located in Laholm, Sweden. With our own production and warehouses around the world, we can guarantee high quality and sustainable products for fast and exact deliveries.

Meson Group was founded in 1997, and is a part of the Swedish industrial group Indutrade AB.

OUR EXPERTISE

Meson Group has decades of experience from different applications. We know the challenges in each industry, and have the solutions for every need.

Maintenance, Repair & Overhaul

To meet the needs of shipyards, Meson Group offers a broad product range, short lead times and application knowledge. Our competence and availability keeps downtime to a minimum.

Newbuild

Meson Group is an experienced partner, with the required competence to support newbuild. We offer quality products with a long life span, making them a sustainable choice.

Original Equipment Manufacturers

Meson Group is a complete partner to OEM:s, offering a cooperation where we develop products and solutions for maximum performance and durability.

SUSTAINABILITY IN FOCUS

Our products contain durable material and have a thoughtful and responsible design, ensuring a long product life.

We are committed to the UN Global Compact's 10 principles for sustainable development within human rights, labour, environment and anti-corruption.
